

Information according to Regulation (EC) No 1907/2006**High Level Sensor type SEPARIX-T ...****I Scope**

This document is intended to communicate information on substances of very high concern (SVHC) in articles in accordance with Article 33 (1) of Regulation (EC) No 1907/2006 (REACH).

II Substances of Very High Concern

The high level sensor type SEPARIX-T ... is a complex object in which lead (CAS number 7439-92-1) forms a component of the high level sensor.

III Safe Use Instruction

The lead is bound in insoluble form in the PTC thermistor. Thus, if the high level sensor is handled properly, there can be no release of lead at any time. Risks exist only through swallowing and inhalation, which can be excluded with appropriate use.
